

Don't make no pictures

Barfoed / Deciderius / Møller

*Don't make no pictures
Turn to dust - I'll be dust
Turn to dust - all is dust*

*We create persons
In a thousand versions
We create persons - or perversions
Believe in who they think we are
Real nice pink good winking stars
Who do we think you are?*

*Don't make no pictures
Oh babe - you can't escape*

*All is lies - everyone judge you
Even when you die - they'll kill you
They'll kill you
Till you're just - dust in their eyes*

*Don't make no pictures
Turn to dust - I'll be dust
Turn to dust - all is dust*
