

Howling

Deciderius / Møller

How I wish you would stop your howling
About my life & the state I'm found in

Yes I'm down & sick of all these rules
Listen, do you take me for a fool
Don't you worry

Baby now you are on your own
Living in your skin and bones
Now we're living & now we're here
Very simple and very clear

Yes I'm down - & sick of all these rules
You're not a teacher talking to a fool
Don't you worry

Baby, now you are on your own
Living in your skin and bones
Now we're living & now we're here
Very simple & very clear

Yes I'm down - & sick of all these rules
You're not a teacher talking to a fool
Don't you worry
