

No time to waste

Deciderius / Møller

*Turning on the television
I hear a lot of noise
Watching all these crowds of people
Swallowing their masters voice
I've stranded this place - drifting in space
& there's no time to waste*

*I read a lot of papers
They almost seem the same
Everybody hate their neighbours
What a pity - what a shame
I've landed this place - drifting in space
& there's no time to waste*

*Set me free - sweet dream
Life wasn't what it seemed
Tune in and turn me on
Turn around - you're on your own
In the future - in the past
Now we are here at last*
