

Sleeper

Deciderius / Møller

I'm a sleeper - down in deeper
Dropping pennies in a well
That's much too cold - why do I care
Is it I think - it's wishes in there

I close my eyes - and dive under
In a well - of whispering wonder
Now - where's my daydream
I can sit waiting for things to come

Chorus :

My time is when - I'm a train
In the valley of little death
Destination - the endless sleep
It's such a tired dream

I'm no fool - can't wait to waste my time
I got plans - well come on down
Yeah the water is cool and clean
And all the ladies taste like New Orleans

So don't be tricky - 'cause I'm too old
I'm a well - I got wishes of my own
Feel lucky - you're not like me
You can touch an' hear an' see

Chorus
